23 foot Cuddy Cabin

The 23 foot cuddy cabin is an affordable cuddy cabin sport cruiser with all the features and design style as comparable cuddy cabin boat models selling for considerably more. The large cabin includes a cabinet with sink and counter. Extra cabinet storage space and room for porta potti and optional refrigerator will provide all the comforts you need. Ultimate comfort on your excursions with the family starts with the 23 cuddy cabin model. A full Bimini top and canvas make a complete covering for shade in the sun as well as full protection from the elements. The ideal engine power is a 175 hp. Teak deck trim option gives a very durable good looking nonskid surface. The 23 cuddy cabin is designed for near shore waters and inland waterways.

This is the SeaDreamer 23 foot Price turn key delivered with aluminum twin axle with brakes; 200hp Yamaha 4 stroke or E Tec 2stroke; Bimini Top; Teak Wood Detail; GPS Depth sounder; CD player stereo; compass; VHF Radio; 40 gal aluminum fuel tank; Sea Star Hydraulic Steering; Navigation Light; Radar Arch; Bilge; Marine Starting Battery; Cushions; SS Railings = \$59,990.00 (Credit \$4990.00 available to customers who will see to final details such as battery and electrical hook ups other than engine and other minor finishing and assembly) Includes Shipping to customers within the continental U.S. Terms 50% by T/T balance on completion of boat made ready for engine installation and before shipping (customer can inspect finished hull at rigging shop before balance paid; for more details send email). or 100% by L/C; Time to complete average 90 days.
